IS-SOMMER

We will meet your demands

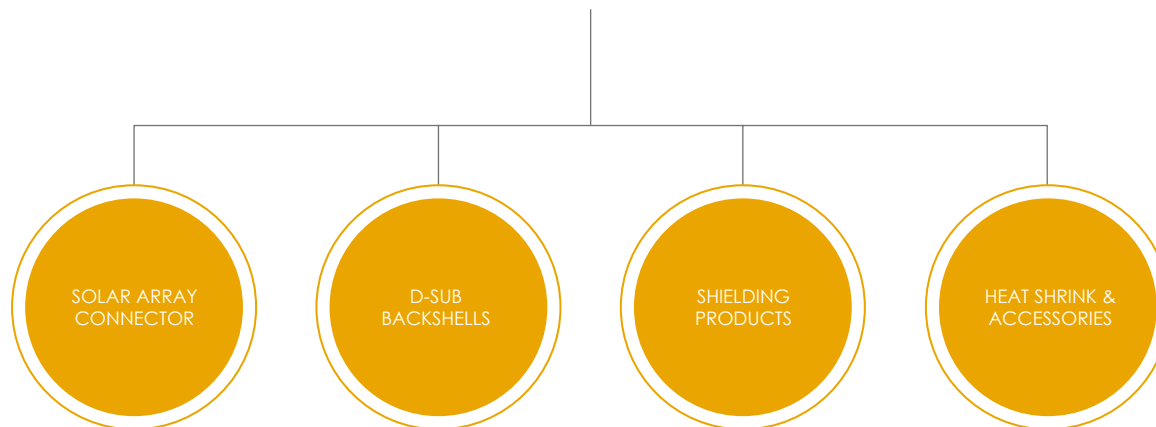

For years we have been proud suppliers to the space industry with specialised harness components. During this time we have developed a deep understanding of the demanding requirements of this industry and have supplied solutions that earned the trust of our customers.

Based on our expertise we can offer various standard solutions made by IS-Sommer or other manufacturers. We have the proven knowledge and capabilities to custom-design products to meet your unique demand.

IS-Sommer is a specialised manufacturer and distributor for well known suppliers from Europe and the USA.

- **Backshells for Circular & Rectangular Connectors - standard & custom solutions**
- **Solar Array Connectors**
- **Wire & Cable**
- **Heat Shrink Sleeving**
- **Shielding Products**
- **Marker Systems**
- **Circular & Rectangular Connectors**
- **Lacing Tape & Spiral Binding**
- **Moulded Parts & Devices**

IS-SOMMER SPACE

Functional Design of Backshells - category SUB-D

Split cable entry

- standard
- twist proof

Split backshell

- with ground thread
- w/o ground thread

Backshell fixture screw BSFS

Locking screws

Connector (e.g. 9-pin)

Backshells Description

Backshells are coated aluminum housings that are easy to install.

Benefits:

- split part for easy final inspection without damaging screen
- split part cable entry for cable protection
- excellent EMI performance
- milled parts with excellent fit
- complete connector flange grip
- no loosening of jack screws during installation

base material: aluminum (AlMg4.5Mn0.7)
standard surfacetreatment: electroless nickel

Standard with round cable entry

Standard with cable clamp

Rear Wall Mount / round cable entry

Technical Information

Material	Low magnetic Aluminium Al Mg4.5 Mn0.7 (EN AW 5083)
Surface Treatment (other options on request)	High phosphorus electroless nickel ISO 4527 – AL/NiP (10) 12
Housing screw	Stainless steel , passivated tightening torque max. 0,35 Nm
Fixture Screw (to be order separately, page 15)	Stainless steel , passivated tightening torque max. 0,32 Nm
Special accessories	Blind thread nuts, special screws, adjustment plates, dummy cable entries

Shell-Size	Part Number	Exit	A	B	C	Nominal Weight	Number of Cable Entries	Cable Entries diameter
1	DW-214-09-1-6-0000	Straight	37,0 mm (1.456 in)	44,0 mm (1.732 in)	16,0 mm (0.630 in)	16,5 g	1	5 to 10 mm (Small, page 13)

* A	max. cable bundle diameter
* B	Installed cable entry protrudes 12,5 mm (0.492 in) outside the backshell

BACKSHELL

Cable entry

Band-It® clamping zone
for braid shield

Cable Entry Use

For proper EMI/RFI cable shield termination, use a Band-It®-style clamp with the appropriate tool. The clamp may be covered with shrink wrap or tape for added protection.

Technical Information

Material	Low magnetic Aluminium Al Mg4.5 Mn0.7 (EN AW 5083)
Surface Treatment (other options on request)	High phosphorus electroless nickel ISO 4527 – AL/NiP (10) 12
* A	max. cable bundle diameter
* B	Installed cable entry protrudes 12,5 mm (0.492 in) outside the backshell

BACKSHELL

Cable entry

Band-It® clamping zone
for braid shield

Cable Entry Use

For proper EMI/RFI cable shield termination, use a Band-It®-style clamp with the appropriate tool. The clamp may be covered with shrink wrap or tape for added protection.

Cable Entries, Standard and Twist-proof „Small“

Cabel Enteries, Standard and Twist-proof „Tall“

BSFS, Backshell Fixture Screws

Technical Information

Material Stainless Steel, EN 1.4570
(equal. AISI 303 Cu), passivated

Part Number	A	B	Thread	Wrench opening	Weight	Comments
DW-BSFS-8-0013	15,5 mm (0.61 in)	11,7 mm (0.461 in)	UNC 4-40	2,38 mm (0.094 in)	0,96 g	For all Backshells, exept DW-364-Series
DW-BSFS-8-0014	15,5 mm (0.61 in)	11,7 mm (0.461 in)	UNC 4-40	2,5 mm (0.098 in)	0,96 g	For all Backshells, exept DW-364-Series

Technical Information

Material Stainless Steel, EN 1.4404
(equal. AISI 316L), passivated

Part Number	A	B	Thread	Wrench opening	Weight	Comments
DW-TSMB-364-6-0062	28,0 mm (1.102 in)	26,0 mm (1.024 in)	UNC 2-56	TROX Nr. 6	0,62 g	only for DW-364-Series
9915-200-01	20,7 mm (0.815 in)	11,7 mm (0.461 in)	UNC 4-40	Slotted head 1,5 mm (0.098 in)	0,56 g	For all Backshells, exept DW-364-Series

DW-BSFS

DW-TSMB

Jack Screw 9915-200-01

e.g. In-Harness-Installation, Rear Wall Mount, Strain Relieve etc.

R) blind threaded nut

O) Backshell Fixture Screw
- see page 15

P) Hexagonal Jack Post

DW-BBTN-8-0275

DW-BBTN-8-0275_2
for SO-214-09-1-6-E-001

Hexagonal Jack Post

Part Number	A	B	C	Material
9915-200-02	8,2 mm (0.323 in)	5,0 mm (0.198 in)	4,5 mm (0.177 in)	EN 1.4404 passivated
DW-737-1944	14,5 mm (0.571 in)	4,9 mm (0.193 in)	4,5 mm (0.177 in)	EN 1.4305 gold plated
DW-737-1344	8,6 mm (0.339 in)	4,9 mm (0.193 in)	4,5 mm (0.177 in)	EN 1.4305 gold plated
DW-737-1944-8	14,5 mm (0.571 in)	4,9 mm (0.193 in)	4,5 mm (0.177 in)	EN 1.4404 passivated

More optional components:

Cover Sheet for Cable Entries
of MDM-Backshells

Connector Adjustment Plate

Dummy Cable Entry

Strain Relieve for
MDM-Backshells

Since years we offer custom-designed backshells in low quantities

Our Range of EMI-Backshells took part in numerous space missions, performed by National, European or North American Authorities.

Here a small overview as reference:

Successful flown or still flying

- Champ - DLR / Airbus DS Immenstaad
- Grace - JPL / Airbus DS Immenstaad
- Cryosat - ESA / Airbus DS Immenstaad
- Swarm - ESA / Airbus DS Immenstaad
- TerraSAR - DLR / Airbus DS Immenstaad
- TanDEM - DLR / Airbus DS Immenstaad
- Sentinel-1 A&B - ESA / Airbus DS Immenstaad
- Magnetospheric Multiscale (MMS) Mission - GSFC
- Solar Dynamics Observatory SDO - GSFC
- LRO – GSFC
- Space wheels from Teldix / Rockwell Collins in numerous Missions

Approved and shortly before take off

- Sentinel-5P - ESA / Airbus DS Stevenage UK
- Formosat-5 - Taiwan / SpaceTech Immenstaad
- PAZ - Spain / Astrium Immenstaad

Approved and in AIT Stage

- EnMAP - DLR / OHB-N
- GFO - JPL / Airbus DS Immenstaad
- ICESat2 - GSFC
- James Webb - GSFC

Stand: 08/2017

Benefit from our knowledge and expertise in space related harness products

- Long time expertise about the demanding requirements of the space industry
- Special products with proven heritage
 - standardized and customized options
- Exceptional design capabilities - very small MOQ's
- Professional supply chain and inventory management
- Personal consulting from our sales engineers on site

We are looking forward meeting you in person to talk further about our capabilities. Or to send you more detailed information about our services.

Our headquarter is based in Germany and we have a local presence in UK and USA. From here our sales and design engineers will always respond quickly and professionally to your needs. A phone call or an e-mail is all it takes.

IS-Sommer looks forward to working with you to solve your challenges!

Your challenge is our challenge.

Convince yourself of our innovative products and solutions in the markets:

Industrial

IS-Sommer provides interconnect solutions to the broad industrial market with particular emphasis on the harness requirements of the appliances, automotive, rail mechanical engineering and electric vehicles sectors.

Aerospace, Defence and Marine

IS-Sommer has been servicing the European aerospace, defence and marine markets for more than 20 years. Our products have been designed in numerous programmes like the Eurofighter and the Eurocopter and are supplied to several major Airbus aircrafts.

Motorsport

IS-Sommer has many years of experience in designing components that go into engine controls units, injection and ignition systems, sensors, brake control systems, data logging and steering systems.

Energy

IS-Sommer has probably the largest stock in Germany of MV joints, LV heat-shrinkable products, switchgear connection products, MV terminations and street lighting products. Additionally, we provide cut-to-length energy tubing and kitting services in accordance with customer requirements.

Medical

IS-Sommer provides medical system solutions in heat-shrinkable tubing and cable technologies for endoscopy, catheter production, minimally invasive surgery and HF technology.
